

Business Reference

CPM Building Contractors

Mirbeau Pty Ltd T/a Mildura Gateway Tavern

We have recently undertaken a number of construction activities

- New build construction
- Redevelopment and refurbishment

The tenders were undertaken and CPM were awarded all of the works, throughout the process all points of contact were clear accurate to need and CPM staff and management were willing to have discussion on best means to undertake works providing constructive dialogue as to best practice.

With the myriad of hours of operation and the diversity of activities the company undertook to understand the business needs and demand ensuring a minimising of business impact and guest inconvenience.

As works progressed thorough documentation of all aspects was undertaken to an exceptional standard enabling us as the client to manage decision making, cashflows and the daily management of the property.

There were regular discussions on best means to achieve the desired outcomes with all parties involved having clarity moving forward.

At all levels the consideration and professional manner that was provided to us by all stakeholders within the CPM business was exemplary.

We are looking currently at further works and we look nowhere other than to CPM to undertake the works.

We happily provide this business reference and would take any phone enquiries should there be a need for additional information.

Gordon McIlwaine

Chief Executive Officer

Mildura Gateway Tavern
