Mildura RSL & C.P.M Building Contractors

C.P.M Building contractors completed a major internal renovation for the Mildura RSL in 2013.

The project was a \$1,000,000 gaming room refurbishment which included a new bar, new cashier, new ceiling, new lighting, new floor coverings, new refrigeration and complex wall joinery.

The unique aspect to the project is that it was completed in 5 days, this was to ensure minimum downtime to gaming as all poker machines needed to be removed for the works to be completed.

C.P.M managed this very demanding project extremely well and given the on-site time restriction of 5 days the outcome was even more remarkable.

The quality of work was exceptional and communication with the Principle (The Mildura RSL) on all matters was also first class.

The Committee and Management of the Mildura RSL Inc. were so impressed by the work C.P.M did they were recently awarded another contract with the Mildura RSL which began in November 2016 and will be completed in April 2017. The project cost is \$1,100,000 and includes a new boardroom and a very extensive façade makeover to 3 sides of the existing building. The current works are ontime as per the schedule and C.P.M have once again been very good in all aspects of the contracted job.

I would be happy to discuss the quality of C.P.M Building Construction if so required.

Yours sincerely,

KIM ARCHIBALD
GENERAL MANAGER
